Durham Psychologists is a well-established, reputable private practice clinic located in Ajax, just south of the 401 on Westney Road. Our clinic has a bright and warm atmosphere and is staffed with excellent, full-time administrative assistants.

We are currently looking for psychologists or psychological associates who are registered to treat adult and/or children and adolescents to join our team. We can provide secondary supervision for supervised practice as well.

Availability for early evening appointments (5 or 6 pm) just one day a week is required, but hours are very flexible otherwise. Experience with a variety of patient populations (MVA, WSIB, long-term disability, self-referred, etc.) is an asset.

Apply via email with your CV and a cover letter: founders@durhampsychoanalysts.ca
